

Partner search : Erasmus+/KA1 Region of Murcia (Spain)

The Secondary/VET school called "IES POLITÉCNICO" located in southeast of Spain (Cartagena, Region of Murcia) is looking for an european partner for a project under the Erasmus+ programme/ KA1 for VET learners and staff in order to apply for the next call of the 4th of march 2015.

In particular, they need a partner which can actively contribute in the following items:

- To contact companies or/and non-profit entities available to host our Spanish students for internship in their offices abroad.
- To help their students to find accommodation.
- To give support to our pupils in the territory during the exchanges period. Giving advice about important matters like medical care system, financial, economical field etc

They teach specialities related to industry as:

- Automotive industry (bodywork and mechanical)
- Industrial maintenance
- Chemistry related to industry
- Mechanical skills (using lathes, mills etc)
- Electricity
- Electronics

Of course, they offer exactly the same to your organization. They have some experience guiding some european students in their stay and all of them have finished satisfactory.
